Independent auditor's report

To the Management of Commercial Bank of Ceylon PLC - Bangladesh Operations

#### Report on the audit of financial statements

#### Opinion

We have audited the financial statements of Commercial Bank of Ceylon PLC - Bangladesh Operations ("the Bank"), which comprise the balance sheet as at 31 December 2019 and the profit and loss account, cash flow statement, statement of changes in equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Bank give a true and fair view of the financial position of the Bank as at 31 December 2019, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note # 2 and comply with the Banking Companies Act, 1991 (as amended up to date), rules and regulations issued by the Bangladesh Bank and other applicable laws and regulations.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and requirements of Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye-laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Responsibilities of management and those charged with governance for the financial statements and internal controls

Management is responsible for the preparation and fair presentation of the financial statements of the Bank in accordance with IFRSs as explained in note # 2, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. The Bank Companies Act, 1991 (as amended up to date) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of antifraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in a
  manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Bank or business
  activities within the Bank to express an opinion on the financial statements. We are responsible for the
  direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Report on other legal and regulatory requirements

In accordance with the Bank Companies Act, 1991 (as amended up to date) and the rules and regulations issued by Bangladesh Bank, we also report that:

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
  - (a) internal audit, internal control and risk management arrangements of the Bank as disclosed in notes 37 and 38 of the financial statements appeared to be materially adequate;
  - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Bank.
- (iii) in our opinion, proper books of accounts as required by law have been kept by the Bank so far as it appeared from our examination of those books;

- (iv) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (v) the balance sheet and profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vi) the expenditures incurred were for the purpose of the Bank's business for the year;
- (vii) the financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (viii) adequate provisions have been made for advance and other assets which are in our opinion, doubtful of recovery;
- (ix) the information and explanations required by us have been received and found satisfactory;
- (x) we have reviewed over 80% of the risk weighted assets of the Bank and spent over 1,000 person hours for the audit of the books and account of the Bank; and
- (xi) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained adequately during the year.

#### 2. Significant accounting policies

#### 2.1 Basis of preparation of the financial statements

The financial statements of the Bank comprise balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement and relevant explanatory notes and disclosures thereto that are prepared on a going concern basis under historical cost convention and in accordance with the First Schedule (Section 38) of the Banking Companies Act 1991, BRPD Circular No. 14 dated 25 June 2003, other relevant circulars issued by Bangladesh Bank, International Financial Reporting Standards (IFRSs) as adopted by the Institute of Chartered Accountants of Bangladesh and other laws and rules applicable in Bangladesh.

#### 2.1.1 Statement of compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) has been formed. The Banking Companies Act 1991 (as amended up to date) has been amended to require Banks to prepare their financial statements under such financial reporting standards. The FRC has been formed but yet to issue any financial reporting standards as per the provisions of the FRA and hence International Financial Reporting Standards (IFRS) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) are still

Accordingly, the financial statements of the Bank continue to be prepared in accordance with International Financial Reporting Standards (IFRS) and the requirements of the Banking Companies Act 1991 (as amended up to date) and the rules and regulations issued by Bangladesh Bank. In case any requirement of the Banking Companies Act 1991 and provisions and circulars issued by Bangladesh Bank differ with those of IFRSs, the requirements of the Banking Companies Act 1991 (as amended up to date) and provisions and circulars issued by Bangladesh Bank shall prevail. Material deviations from the requirements of IFRS are as follows:

#### i) Investment in shares and securities

IFRS: As per requirements of IFRS 9: classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit and loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the year-end is taken to profit and loss account or other comprehensive income respectively.

Bangladesh Bank: As per Banking Regulation and Policy Department (BRPD) circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment; otherwise investments are recognised at cost.

#### Bank's Methodology:

Methods of valuation of investment are as follows:

Item Method of valuation

Government treasury bills

Treasury bonds

Prize bonds

Revalued as per Bangladesh Bank's guidelines

Revalued as per Bangladesh Bank's guidelines

At cost

Unquoted shares/ bonds At cost

#### ii) Revaluation gains/losses on Government securities

**IFRS:** As per requirement of IFRS 9 where securities will fall under the category of fair value through profit or loss account, any change in the fair value of assets is recognised through the profit and loss account. Securities designated as amortised cost are measured at effective interest rate method and interest income is recognised through the profit and loss account.

Bangladesh Bank: HFT securities are revalued on the basis of mark to market and at year end any gains on revaluation of securities which have not matured as at the balance sheet date are recognised in other reserves as a part of equity. Any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortisation of discount are recognised in the profit and loss account. HTM securities which have not matured as at the balance sheet date are amortised at year end and gains or losses on amortisation are recognised in other reserve as part of equity.

#### Bank's Methodology:

The Bank's investment in treasury bills and bonds are stated at present value and interest on treasury bonds is recognised as income on accrual basis as per BRPD circular letter no. 15 dated 31 October 2005 and DOS circular letter no. 05 dated 26 May 2008.

#### Held to Maturity (HTM)

Investment classified as HTM is a non-derivative financial instrument with fixed or determinable future receipt on maturity that the Bank's management has the intention and ability to hold till maturity. This particular investment has been revalued as marked to market as at 31 December 2019, the revaluation gains on such securities have been shown in the financial statements as part of equity.

#### Held for Trading (HFT)

Investment classified as HFT is acquired mainly for the purpose of selling and repurchasing. Such investment is measured at marked to market method and any changes in the marked to market method are recognised in every week during the reporting year as per DOS circular letter no. 05 dated 28 January 2009.

#### iii) Provision on loans and advances/investments

**IFRS:** As per IFRS 9 an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses.

Bangladesh Bank: As per BRPD circular No.15 (27 September 2017), BRPD circular No.16 (18 November 2014), BRPD circular No.14 (23 September 2012), BRPD circular No. 19 (27 December 2012), BRPD circular No. 05 (29 May 2013) and BRPD circular No.1 (20 February 2018) a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loans, doubtful loans and bad losses has to be provided at 5%, 20%, 50% and 100% respectively for loans and advances depending on time past due. Again as per BRPD circular no. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. Such provision policies are not specifically in line with those prescribed by IFRS 9.

#### Bank's Methodology:

In making specific provision against classified loans and advances, general provision on unclassified loans and advances, wherever required, which may result in a change in the provision required in accordance with BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012, BRPD circular no. 05 dated 29 May 2013 and BRPD circular no. 16 dated 18 November 2014, BRPD circular no. 12 dated 20 August 2017, BRPD circular no. 15 dated 27 September 2017, BRPD circular no. 01 dated 20 February 2018, 18, BRPD circular no. 13 dated 18 October 2018 and BRPD circular no. 03 dated 21 April 2019 have been complied with. Any movement in the provision, charged / released in the profit and loss statement.

#### iv) Recognition of interest in suspense

**IFRS:** Loans and advances to customers are generally classified at amortised cost as per IFRS 9 and interest income is recognised by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified as impaired, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as a liability in the balance sheet.

#### Bank's Methodology:

Interest on classified loans and advances is kept in suspense account as per Bangladesh Bank instruction and such interest is not recognised as income until it is realised from borrowers. Interest is not charged on classified loans and advances from the date of filing of money suits against the borrowers.

#### v) Other comprehensive income (OCI):

**IFRS:** As per IAS 1 Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single other comprehensive income statement.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all Banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to be included in a single other Comprehensive Income (OCI) Statement. As such the Bank does not prepare the other comprehensive income statement. However, elements of OCI, if any, are shown in the statement of changes in equity.

#### vi) Financial instruments – presentation and disclosure

In several cases Bangladesh Bank guidelines categorise, recognise, measure and present financial instruments differently from those prescribed in IFRS 9. As such full disclosure and presentation requirements of IFRS 7 and IAS 32 cannot be made in the financial statements.

#### vii) Financial guarantees

IFRS: As per IFRS 9, financial guarantees are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtors fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. The financial guarantee liability is subsequently measured at the higher of the amount of loss allowance for expected credit losses as per impairment requirement and the amount initially recognised less, income recognised in accordance with the principles of IFRS 15. Financial guarantees are included within other

Bangladesh Bank: As per BRPD 14, financial guarantees such as letter of credit and letter of guarantee will be treated as off-balance sheet items. No liability is recognised for the guarantee except the cash margin.

#### viii) Cash and cash equivalents

IFRS: Cash and cash equivalent items should be reported as cash item as per IAS 7.

Bangladesh Bank: Some cash and cash equivalent items such as 'money at call and on short notice', treasury bills, Bangladesh Bank bills and prize bond are not shown as cash and cash equivalents. Money at call and on short notice is shown separately in the balance sheet. Treasury bills, Bangladesh Bank bills and prize bond are shown under investment in the balance sheet.

#### ix) Non-Banking asset

IFRS: No indication of Non-Banking asset is found in any IFRS.

Bangladesh Bank: As per BRPD 14, there is a separate balance sheet item named Non-Banking asset existed in the standard format.

#### x) Cash flow statement

**IFRS:** The cash flow statement can be prepared using either the direct method or the indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

Bangladesh Bank: As per BRPD 14, the cash flow statement is a mixture of both the direct and the indirect methods.

#### Bank's Methodology:

Cash Flow Statement is prepared in accordance with IAS 7 under direct method as recommended in BRPD circular no. 14 dated 25 June 2003 issued by Bangladesh Bank.

#### xi) Balance with Bangladesh Bank: (Cash Reserve Requirement)

IFRS: Balance with Bangladesh Bank should be treated as other asset as it is not available for use in day to day operations as per IAS 7.

Bangladesh Bank: Balance with Bangladesh Bank including CRR is treated as cash and cash equivalents.

#### xii) Presentation of intangible asset

IFRS: Intangible asset must be identified and recognised, and the disclosure must be given as per IAS 38.

Bangladesh Bank: There is no regulation for intangible assets in BRPD 14.

#### xiii) Off-balance sheet items

IFRS: As per IFRS, there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, off balance sheet items (e.g. Letter of credit, Letter of guarantee etc.) must be disclosed separately on the face of the balance sheet.

#### Bank's Methodology:

Off-balance Sheet items have been disclosed under contingent liabilities and other commitments as per Bangladesh Bank's guidelines. BRPD circular No.14 dated 23 September 2012 requires a general provision for off-balance sheet exposures to be calculated @ 1% which has been followed by the Bank properly on the following off-balance sheet Items:

- a. Acceptance and endorsements
- b. Irrevocable letter of credit
- c. Letter of guarantee

#### xiv) Loans and advances/Investments net of provision

IFRS: Loans and advances/Investments should be presented net of provision.

Bangladesh Bank: As per BRPD 14, provision on loans and advances/investments are presented separately as a liability and cannot be netted off against loans and advances.

#### Bank's Methodology:

Loans and advances have been shown at gross amounts at 31 December 2019.

#### 2.2 Consolidation

A separate set of records for consolidating the statements of affairs and income and expenditure statements of the branches and offshore Banking units are maintained at Principal Office of the Bank in Dhaka, based on which these financial statements have been prepared.

#### 2.2.1 Offshore Banking Unit (OBU)

The Bank's OBU have maintained separate set of books of account for their operations. Assets and liabilities and income and expenditures of the units are incorporated in similar heads of account of the Bank's financial statements.

#### 2.3 Foreign currency transactions

- (a) Foreign currency transactions are converted into equivalent BDT currency at the ruling exchange rates on the respective dates of such transactions as per IAS 21: "The effects of Changes in Foreign Exchange Rates".
- (b) Assets and liabilities in foreign currencies at 31 December 2018 have been converted into BDT currency at average prevailing buying and selling rates of concerned foreign currencies at that date except balances with other Banks and financial institutions which have been converted as per directions of Bangladesh Bank vide its circular no. BRPD(R) 717/2004-959 dated 21 November 2004.

- (c) Differences arising through transactions of foreign currencies buying and selling on different dates of the year have been adjusted by debiting /crediting exchange gains or loss account.
- (d) Forward contracts outstanding at 31 December 2019 have been shown in the Balance Sheet under offbalance sheet items.

#### 2.4 Fixed assets (property, plant and equipment) and depreciation

All fixed assets are stated at cost less accumulated depreciation as per IAS 16 Property, plant and equipment. The cost of an asset includes its purchase price and any other direct costs to bring the asset to its working condition. Depreciation on fixed assets is charged using straight-line method at the following rates:

| Category of fixed asset | Rate of depreciation |
|-------------------------|----------------------|
| Furniture and fixtures  | 10%                  |
| Computer software       | 20%                  |
| Interior decorations    | 20%                  |
| Equipment and computers | 20%                  |
| Motor vehicles          | 20%                  |
|                         |                      |

Depreciation on addition to fixed assets is charged from the month of acquisition on pro-rata basis while no depreciation is charged in the year of disposal.

#### 2.5 Stock of stationery

Stock of stationery has been shown under other assets and is valued at cost.

#### 2.6 Deposits

Deposits include various types of deposit in the nature of demand, savings, short-term, etc.

#### 2.7 Employee benefits

Retirement benefits accrued for the employees of the Bank as on reporting date have been accounted for in accordance with the provisions of IAS 19 Employee benefits. Basis of enumerating the retirement schemes operated by the Bank are outlined below:

#### (a) Provident fund

Employees' provident fund is administered by a separate Board of Trustees and is funded by contributions of both the Bank and employees at 10% of basic pay. These contributions are invested separately.

#### (b) Staff gratuity

The Bank runs an unfunded gratuity scheme under which gratuity is paid to its staff upon their severance. However, the Bank's liability on this account stands fully provided in accounts and BDT 29,247,179 was thus provided in current year's Profit and Loss Statement considering the staff's accumulated gratuity entitlements for their service with the Bank as per the actuarial valuation.

#### 2.8 Provision for taxation

#### (a) Current tax

Provision for corporate income tax is made @ 40% as prescribed in the Finance Act 2019 on accounting profit made by the Bank after considering taxable allowances and disallowances as per income tax laws.

#### (b) Deferred tax

The Bank has accounted for deferred tax in accordance with IAS 12: "Income Taxes". Deferred tax assets and liabilities are recognised for the future tax consequences of timing differences arising between carrying amount of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or subsequently enacted at balance sheet date.

#### 2.9 Reconciliation of books of account

Books of account with regard to inter-Bank (in Bangladesh and outside Bangladesh) and inter-branch transactions are reconciled and no material difference was found which may affect the financial statements significantly.

#### 2.10 Provision for balances with other Banks and financial institutions

Provision for unsettled transactions on nostro accounts is reviewed at each Balance Sheet date by the management and certified by the Bank's external auditors in accordance with Bangladesh Foreign Exchange Policy Department (FEPD) circular no. 677 dated 13 September 2005.

#### 2.11 Statement of changes in equity

Statement of changes in equity is prepared in accordance with IAS 1 and under the guidelines of BRPD circular no.14 dated 25 June 2003.

#### 2.12 Statement of liquidity analysis

Statement of liquidity analysis as on reporting date has been prepared as per Bangladesh Bank guidelines.

#### 2.13 Revenue recognition

- a. In term of provision of IFRS 15 Revenue from Contracts with customer, the interest income is recognised on an accrual basis and BRPD circular no. 14 dated 23 September 2012 was followed properly.
- b. Interest income on investment is recognised on accrual basis.
- c. Dividend income from investment is recognised when the Bank's right to receive dividend is established.
- d. The Bank earns commission and fee income from a diverse range of services provided to its customers.

#### 2.14 Leases

The Bank has applied IFRS 16 Leases for the first time with the date of initial application of 01 January 2019. As IFRS 16 supersedes IAS 17 Lease, the Bank has made recognition, measurement and disclosure in the financial statements-2019 both as Lessee and Lessor as per IFRS 16.

#### Bank as lessee:

The Bank assesses at initiation of a contract whether the contract is, or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration, then the Bank consider the contract as a lease contract.

The Bank as a lessee applies a single recognition and measurement approach for all leases, except for short-term leases, or, and lease of low value of assets. The Bank recognises lease liabilities to make lease payment and right-of-use assets representing the right to use the underlying assets.

If tenor of a lease contract does not exceed twelve months from the date of initiation/application, the Bank considers the lease period as short term in line with the recognition threshold of ROU assets as per Fixed Asset Policy of the Bank.

#### Right-of-use assets (RoU):

The Bank recognises the right-of-use assets (RoU) at the commencement date of the lease (i.e. the date the underlying asset is available for use). RoU assets are measured at cost less any accumulated depreciation and impairment of losses and adjusted for any measurement of lease liabilities. The cost of ROU assets includes the amount of lease liabilities recognised, initial direct cost incurred, and lease payment made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight line basis over the lease term, or remaining period of the lease term.

The Bank assessed all lease contracts live in 2019 and recognised as RoU of assets of all leases, except short term and low value of assets as per IAS 16 and IFRS 16. As leases under IFRS 16 has been first time adopted by the Bank, the Bank has followed modified retrospective approach of adoption with the date of initial application of 01 January 2019. Therefore, the Bank considered a cut-off date beginning of the year 2019 and reassessed unadjusted advance payment and remaining lease period of each contract, and recognised those in the financial statements for the year ended 31 December 2019 without giving retrospective impact in earlier presentation. The RoU assets are presented in the note 9.0 of these financial statements.

#### Lease Liabilities (Bank as a lessee):

At the commencement of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed and variable lease payment (less any adjustment for initial payment), and amount is expected to be paid under residual value of guarantees. The lease payments also include the exercise price of purchase option reasonably certain to be exercised by the Bank and payment of penalties for terminating the lease. The lease payment has been discounted using the Bank's implicit borrowing rate.

In 2019, the Bank reassessed all lease payment of existing contracts for remaining period considering a cut-off date i.e. 01 January 2019. The lease liabilities are presented in the note 13.00 of these financial statements.

#### 2.15 Reporting period

#### 3.3 Cash Reserve Requirement and Statutory Liquidity Reserve

Cash reserve ratio (CRR) and statutory liquidity ratio (SLR) have been calculated and maintained in accordance with section 33 of the Banking Companies Act 1991 and Bangladesh Bank MPD's subsequent circular no. 04, 05 and 01 dated 01 December 2010, 23 June 2014 and April 03, 2018.

CRR is required @ 5.5% on time and demand liabilities of the Bank. This has been maintained with Bangladesh Bank in current account. SLR @ 13% on the same liabilities is also maintained in the form of treasury bills and bonds including balance with Bangladesh Bank. Both the reserves are maintained by the Bank as per statutory requirements, as shown below:

# 37 Core risks management of the Bank

Bangladesh Bank has issued guidelines in managing core risks by BRPD circular no.17 dated 07 October 2003 and updated from time to time for effective management of six core risk areas of Banking business namely:

- (i) Credit risks,
- (ii) Asset and liability / balance sheet risks,
- (iii) Foreign exchange risks,
- (iv) Internal control and compliance risks,
- (v) Money laundering risks, and
- (vi) Information technology risks.

An internal memo has been circulated with the necessary guidelines to the concerned departments/branches/booths for their implementation. The status of implementation of above six guidelines are summarised below:

# 37.1 Credit risks

An in-depth credit risk assessment is being conducted prior to granting any loan and reviewed at least annually thereafter for all facilities in order to address overall credit risk issues. The results of assessment is thereafter presented in a credit application that originated from the Relationship Manager/Accounts Officer (RM) pursued and commented by the credit risk management and is approved by the Country Manager/ECC/Head Office approval authority.

The Bank has formally implemented a Credit Policy Manual/Lending Guidelines to enumerate the policy and procedures for handling credit related operations in Bangladesh.

### 37.2 Asset and liability/ Balance sheet risks

The Bank has Asset - liability Management Committee (ALCO) for the implementation of asset and liability management process. This committee reviews cost of liquidity, capital adequacy, loan deposit ratio, wholesale borrowing guideline, liquidity contingency plan, local regulation, etc. to achieve the general objective of keeping the interest rate risk within defined parameter, enhancing Bank's net interest margin, providing adequate liquidity, reviewing and approving risk parameters through managing exchange rate risk, interest rate risk, etc.

### 37.3 Foreign exchange risks

The Foreign Exchange risk is mitigated through proper market analysis and potential change arising out of pricing is addressed with appropriate risk limits. The Bank has formally implemented a manual with the objective of preventing exchange loss due to error, negligence, recklessness, lack of skill, etc to comply with Bangladesh Bank guidelines, prepare and enforce foreign exchange authorised dealer's code of conduct. The Management action triggers is in place to ensure adherence to limits.

### 37.4 Internal control and compliance risks

The potential operational risk is mitigated through three wings of Internal Control & Compliance (ICC) Department, Audit & Inspection, Compliance and Monitoring wing thus ensure sound, sustainable and secured growth of the

Bank has already implemented Internal Control Procedures manual with segmental risk monitoring procedure. Internal control and Compliance Department undertakes regular and surprise audit/ inspection of the branches and departments to review the operations and compliance of statutory requirements and to ensure all financial statements are drawn up in conformity with Banking Companies Act, 1991 (Amendment up to 2013), in accordance with IAS/ IFRS and Bangladesh Bank Circulars, Guidelines are in force.

### 37.5 Money laundering risks

A detailed operating instruction circular has been issued covering KYC procedures, suspicious transactions reporting, etc. Bank has implemented a guidelines to cope up with money laundering risks. To minimize such risks, Bank has designated Chief Anti Money Laundering Compliance Officer at Head Office and Compliance Officers at branches, who independently review the transactions of the accounts to verify suspicious transactions through system based tools. Bank has introduced automated software for screening the sanction list at the account opening level and in the trade finance operations. Side by side we have also introduced another automated software for screening our remittance operations. Transactions parameters are also being checked through an automated system called AML

### 3.2 Capital Adequacy

### **Qualitative Disclosure of Capital Adequacy**

Bank is maintaining adequate capital to cover all material risk and while doing so Bank has established an Internal Capital Adequacy Assessment Process (ICAAP) in-line with Bangladesh Bank. The objective of the Bank's capital planning is to ensure that the Bank is adequately capitalized.

At the end of 31 December 2019 Bank maintained capital of BDT 11,849.42 million (Tier 1: going-concern capital of BDT 11,218.92 million plus Tier 2: gone-concern capital of BDT 630.50 million) against its total Risk Weighted Asset (RWA) of BDT 36,343.25 million which leads to a Capital to Risk-weighted Asset Ratio (CRAR) of 32.60%, where the minimum requirement is 12.50% as per BRPD circular no. 18 dated 21 December 2014. Tier-I capital was 30.87% of RWA against minimum requirement of 6% of RWA. As a result the Bank has a buffer Capital of BDT 7,849.42 million to maintain to mitigate the additional uncertain risks which are not covered under Pillar-II.

### 3.3 Credit Risk

### Qualitative Disclosures:

General qualitative disclosure requirement with respect to credit risk includes the following:

# Definition of past due and impaired

c) Capital conservation buffer

d) Available capital under pillar 2 requirement

According to the Bangladesh Bank's guidelines on Risk Based Capital Adequacy (RBCA), dated December 2014, claims that are past due for 60 days or more are clubbed under this past due category. Apart from the Basel III requirement, for accounting purpose Bank is maintaining its past due loan in accordance with the BRPD Master circular no. 14 dated 23 September 2012 on "Loan Classification & Provisioning" and its related subsequent instructions.

# $\label{lem:description} \textbf{Description of approaches followed for specific \& general allowances and statistical methods}$

Bank is following the general and specific provision requirement as prescribed by Bangladesh Bank time to time.

### Discussion of the Bank's credit risk management policy

Credit risk is one of the most significant risks in terms of sustainability, regulatory and capital requirements, which the Bank is exposed to. Bank's policy is to develop a high quality and diversified credit portfolio comprised of corporate, SME and retail / personal customers in Bangladesh towards better credit risk management.

With a view to segregate credit risk from credit marketing, as also in line with Basel-III requirement, an independent Credit Risk Department is in existence in the Bank since inception. Credit risk management focuses on the quality of customer's individual loans as well as the overall loans and advances portfolio, examining and reporting the underlying trends, concentrations and ensuring a sustainable credit risk culture throughout the Bangladesh operation.

Objectives of the Bank's credit risk management practices are to maintain credit portfolio quality in line with risk appetite, through risk control and risk management.

Credit risk management system of the Bank also closely monitors changes in economic and market conditions and guides business and functional management, at all levels, on their credit portfolio. It works towards maintaining a robust credit culture through prudent strategies, credit policies, procedures, and management of credit portfolio. Thus the scope of credit risk management and identification practices needs to follow the procedures below:

To identify and manage credit risk, the Bank engages in procedures such as:

- i. Set up strategy for credit origination and relationship management.
- ii. Credit risk management.
- iii. Loan documentation and credit administration.
- iv. Recovery and management of problem loans.
- v. Portfolio management
- vi. Conveying credit status through reporting

Bank uses internal lending guidelines and procedures to ensure that all lending officers understand the Bank's appetite for risk in servicing counter party requirements, and thus facilitates evaluation and approval of individual credit transactions.

Bank has standard methods of analysing various risk aspects involved in extending credit, considering risk areas such as business risk, financial risk, management risk, security risk, etc. besides continuously reviewing the exposures and concentrations of the customer, group, industry, geography and lending type. Outcome of these risk analyses are used to establish internal credit risk grading for each borrower.

### **Maintenance of Specific Provision**

Commercial Bank of Ceylon PLC, Bangladesh Operations strictly complies with its internal credit procedure prepared in line with prevailing Bangladesh Bank's guidelines including BRPD Circular No. 14 dated 23 September 2012, BRPD Circular No. 19 dated 27 December 2012 and BRPD Circular No. 05 dated 29 May 2013 concerning management of non-performing loans, loan classification and provisioning.

In line with above guidelines, the Bank reviews the loans and advances throughout the year so as to assess them in order to maintain the provision required there against at the end of the each quarter during the year.

Moreover, BRPD circulars no. 14 dated 23 September 2012 and 19 dated 27 December 2012 also warrants further provisioning based on our qualitative judgments in case where any uncertainty or doubts arises in respect of recovery of any continuous loan, demand loan or fixed term loan, which will also compel the Bank to classify such loans on the basis of qualitative judgment. If the specific provisions assessed under the qualitative methodology are higher than the specific provisions assessed under the formulaic approach above, the higher of two is recognised in liabilities under "provisions for loans and advances" with any movement in the provision charged/released having reflected in the profit and loss statement.

### 3.5 Interest rate risk in the Banking book (IRRBB)

# **Qualitative Disclosure**

Interest rate risk refers to fluctuations in Bank's net interest income and the value of its assets and liabilities arising from internal and external factors.

Internal factors include the composition of the Bank's assets and liabilities, quality, maturity, interest rate and re-pricing period of deposits, borrowings, loans and investments.

# External factors cover general economic conditions:

Interest rates volatility has impact on the Bank depending on balance sheet positioning. Interest rate risk in prevalent on both the assets as well as the liability sides of the Bank's balance sheet.

Assets - Liability Management Committee (ALCO) periodically monitors and controls the risks and returns, funding and deployment, setting Bank's lending and deposit rates, and directing the investment activities of the Bank. ALCO decides on the fixation of interest rates on both assets and liabilities after considering the macro or micro economic outlook - both global and domestic, as also the macro aspects like cost- benefit, financial inclusion and host of other factors.

### 3.6 Market Risk

### **Qualitative Disclosure**

Market risk is the risk of adverse revaluation or movement of any financial instrument as a consequence of changes in market prices or rates. Market risk exists in all trading, Banking and investment portfolios but for the purpose of this report, it is considered as a risk specific to trading book of the Bank.

The major types of market risk as specified in the Risk Based Capital Adequacy (RBCA) are as follows:

- i. Interest rate risk
- ii. Equity position risk
- iii. Foreign exchange risk and
- iv. Commodity risk

Among the above list the main type of market risk faced by the Bank are interest rate risk and foreign exchange risk. Bank Management committee of Bangladesh Operations has given significant attention to market risk in trading book, to asses the potential impact on the Bank's business due to the unprecedented volatility in financial markets.

# Methods used to measure market risk:

According to Bangladesh Bank guideline, Commercial Bank of Ceylon PLC, Bangladesh Operation is presently following the standardized approach for market risk under Basel III.

# Market risk management system and policies and processes for mitigating market risk:

Bank has an independent market risk framework to assess, manage and control the risk management function, which is responsible for measuring market risk exposures in accordance with prescribed policies, and monitoring and reporting these exposures against the approved limits on a regular basis according to Bank's appetite for market risk.

#### Interest rate risk

Interest Rate Risk (IRR) is a major source of market risk and is unavoidable in any financial institution where the re-pricing of assets and liabilities are not identically matched. The ALCO of Bangladesh Operations manages the potential impact, which might be caused by the volatility of changes in the market interest rates and yield curves.

The securities (Treasury bills/bonds) acquired with the intention to trade by taking advantage of short-term price and interest rate movement is classified under the trading book. The marked to market (MTM) of securities in the trading book is done at market value as per the Bangladesh Bank guidelines.

### Foreign exchange risk

All foreign exchange exposures and related risks are reviewed by the ALCO monthly, which provides additional guidance to treasury dealing room in managing the risks. This is to ensure that any adverse exchange rate movements on the results of the Bank due to unhedged foreign exchange positions are restrained within acceptable parameters.

In addition to regular revaluation of spot position and forward positions, Value at Risk (VaR) is calculated/exercised for FX portfolio. VaR provides a single number to the management that reflects the maximum loss, which can occur within a confidence level over a certain period of time.

### 3.7 Operational risk

#### Qualitative disclosure

# Views of BOD on system to reduce operational risk

Operational risk is inherent to all products, activities, processes and systems and is generated in all business and support areas. For this reason, all employees are responsible for managing and controlling the operational risks generated in their area of action. In order to reduce and manage the operational risk of the Bank, Management Committee has implemented the Operational Risk Management framework approved by the BOD.

# Performance gap of executives and staffs

Performance of employees is critically important to achieve organizational goals. Bank has put in place a well defined performance management process which aims to clarify what is expected from its different level of employees as well as how it is to be achieved. At the beginning of a year objectives is communicated to the employees who includes what are expected from him/her during the ensuing period through their direct reporting heads. A half yearly and yearly performance appraisal practices are in place to review achievements based on which rewards and recognition decisions are made.

# Potential external events

By its nature, Operational Risk cannot be totally eliminated. Like other Banks, our Bank also operates its business with few external risk factors relating to the socio-economic condition, political atmosphere, regulatory policy changes, technological changes, natural disaster, external frauds etc. However, Bank has established methodology which defines the Bank's approach in identifying, assessing, mitigating, monitoring and reporting such operational risks factors which may impact the achievement of the Bank's business objectives.

### Policies and processes for mitigating operational risk

Operational Risk Management in the Bank is governed by the well-defined Operational Risk Management Policy that is clearly communicated across the Bank. Bank adopts three lines of defence for management of operational risk, the first line of defence represented by various heads of the departments, different business unit/or support unit; second line of defence is represented by the Operational Risk Unit under IRMD to oversee the operational risk management, and the third line of defence represented by Inspection & Audit Division which is challenge function to the first two lines of defence.

### Approach for calculating capital charge for operational risk

Presently Bank is following the Basic Indicator Approach (BIA) for calculating its operational risk capital charge and at 31 December 2019 Bank's operational risk capital requirement was Tk. 48.13 crore which was adequately maintained.

### 3.8 Liquidity ratio

#### **Qualitative disclosure**

### Views of BOD on system to reduce liquidity risk

Banks in general are vulnerable to liquidity and solvency problems resulting from asset and liability mismatches. Therefore, the principle objective in liquidity risk management is to assess the need for funds to meet obligations and to ensure the availability of adequate funding to fulfil those needs at the appropriate time, both under normal and stressed conditions. In order to reduce and manage the liquidity risk of the Bank, MANCOM has implemented the liquidity risk management framework approved by the BOD.

#### Methods used to measure liquidity risk

Bank uses numerous methods to assess/measure its liquidity risk e.g. through gap analysis for maturity mismatch based on residual maturity in different time buckets as well as various liquidity ratios and management of the same is done within the prudential limits fixed thereon. Advance techniques such as stress testing, simulation, sensitivity analysis etc. are used on regular intervals to draw the contingency funding plan under different liquidity scenarios.

### Liquidity risk management system

Bank continuously analyses and monitors its liquidity profile, maintains an adequate margin of safety in high quality liquid assets and access to diverse funding sources such as inter-Bank market, assets and investments available-for-sale and has contingency funding plan to meet liquidity requirements. Bank thereby ensures availability of adequate liquidity to fund its existing asset base and grow its business whilst maintaining sufficient liquidity buffers to operate smoothly under varying market conditions including any short-term, medium or long-term market disruptions.

### Policies and processes for mitigating liquidity risk

Bank has put in place its Asset Liability Management Policy, Contingency Funding Plan duly approved by the board and ALCO is managing the liquidity risk of the Bank.

# 3.9 Leverage ratio

### Qualitative disclosure

### Views of BOD on system to reduce excessive leverage

High leverage levels can lead to an excessive expansion of Bank asset size, which maximizes, in the short to medium term, Banks' return on equity. At the same time, leverage-fuelled Bank capital structures increase Bankruptcy risk, since they are an important cause of Bank failures. Therefore, to reduce excessive leverage and to manage the overall asset-liability position, management has implemented BOD approved ALM framework within the Bank.

### Policies and processes for managing excessive on and off-balance sheet leverage

Bank has clearly laid down policy and procedure to manage its exposure level (both on and off-balance sheet) enumerated in its Asset Liability Management policy. Leverage parameter of the policy acts as a credible supplementary measure to the risk based capital requirement to control the leverage of the Bank. This reflects Bank's tier 1 capital over total exposure of the Bank. Reference level of leverage ratio is currently 3% (minimum).

### Approach for calculating exposure

Leverage ratio of the Bank is calculated in line with the RBCA Guideline of BB. As at 31st December 2019 Bank's leverage ratio was 15.80% and it was calculated as follows:

|             | Measured used  | Description   |  |  |  |

#### 3.10 Remuneration

### Information relating to the bodies that oversee remuneration

The Bank is dedicated to uphold the principle of equality in offering our employees both career opportunities and competitive remuneration at an excellent working condition in compliance with relevant laws and rules. Considering the gravity of importance the Bank has a Human Resource Steering Committee reporting to the Management Committee, which oversee the remuneration related policies and practices under the direct supervision of Remuneration Committee at Head Office in Sri Lanka.

### Name, composition and mandate of the main body overseeing remuneration.

Country Manager, Chief Operating Officer, Senior General Manager, Financial Controller & Head of Human Resource administers the Banks remuneration policies. They play an independent role, operating as an overseer, and if necessary, make recommendations to the Board of Director (Sri Lanka) of the Bank for it's consideration and final approval for any remuneration related policy. They also assist the Board of Directors to ensure that all employees are remunerated fairly and get performance based compensation.

External consultants whose advice has been sought, the body by which they were commissioned and in what areas of the remuneration process.

In 2015 to study the market situation and compare the salaries up to a certain level of employees the Bank had appointed Cerebrus Consultants Pt. Ltd., Mumbai, India. The Bangladesh Management of the Bank has commissioned this company.

A description of the scope of the Bank's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches.

The Bank does not discriminate employees and/or differentiate employee remunerations by gender, nationality, religion, race, caste etc. The Bank even does not differentiate the remuneration considering the business lines and/or considering the functions known as revenue generating activities or revenue-prone work force. Bank maintains the same Remuneration Package and apply Human Resource policies for all of its branches, departments and Units.

A description of the types of employees considered as material risk takers and as senior managers, including the number of employees in each group.

Employees considered as material risk takers and as senior managers are:

| Material Risk Takers       | Composition                                   | Number of |

|                            | 41  |           |

### Information relating to the design and structure of remuneration processes

Bank is committed to maintain an equitable and consistent reward structure to ensure that employees' contributions to the business are recognized in different ways. This helps us to attract and retain staff while encouraging their efforts towards the achievement of the Bank's strategic goals. In view of that Bank is maintaining a fair remuneration policy in line with the Market Standard. Bank believes that employee remuneration should not be inconsistent with the market and the employees should be provided with the other standard benefits and facilities that commensurate the best in the industry. Bank has been maintaining the Objectives based Performance Appraisal of the employees and provides the annual increment and incentive bonus on the basis of their performance and achievement of objectives.

### The ways in which current and future risks are taken into account in the remuneration processes

The overall compensation package and its structure have to be competitive, making it easier to attract, keep and reward the employees properly. While doing so Bank has considered the following key risks to implement remuneration measures:

- Staff turnover rate
- ii. Identifying the future leaders
- iii. Market standard of salary and benefits
- iv. Achievement of objectives leading the overall achievement of Bank's target
- v. Succession plan

Keeping in mind the above risk aspects Bank used to identify the potential employees i.e. the future leaders and arranges necessary training for those employees both at home and abroad. In a few cases the Bank also looked at accelerated career advancement of the employees who are identified as potential employees and shown the capacity as future leaders. Outstanding employees used to get Incentive bonus and salary increment at the rate of the best in the scheme which all together have impact on the remuneration as a whole.

# The ways in which Bank seeks to link performance during a performance measurement period

Annual budget of the Bank is the main growth factors for performance measurement such as Advance, Deposit and Profitability is being distributed among the top level business lines and individuals. On achievement of targets for these broad factors Bank achieves its growth in terms of revenue and size of balance sheet. Bank's overall success depends on the success of top level business lines and individuals. Following performance matrix is used to determine the level of Performance Rating of the individual:

| O =  | Outstanding  | This person is an Outstanding Performer, is competent, committed, performance driven and is relatively   |
|------|--------------|--|
|      |              | better than a person rated "Excellent".  |
| EX = | Excellent    | This person is an Excellent Performer, regularly exceeds requirements in most significant aspects of the |
|      |              | job and is relatively better than a person rated "Very Good"   |
| VG = | Very Good    | This person is rated as Very Good Performer, performs the job in a completely expectable manner and      |
|      |              | relatively better than a person rated "Good"   |
| G =  | Good         | This person is rated as Good and relatively better than a person rated "Below Expectation                |
| BE = | Below        | This person is rated as Below Expectations and relatively better than a person rated "Marginal"          |
|      | Expectations |  |
| Mg = | Marginal     | This person is rated as Marginal and displays Marginal Performance as against others.                    |

The employee performance is being evaluated on the basis of achievement of objectives set upon discussion between the job holder and the Supervisor at the beginning of the year on agreed basis. On achievement of targets of top level business lines and individuals Bank achieves the budgeted profitability and announces the annual incentive bonus which is known as Annual Performance Bonus. Any individual having proven achievements of targets get recognition through the Performance Ratings done by the Supervisor in agreement with the job holder. The higher the ratings are the higher the Bonuses are paid and Increments are awarded.

### Different forms of variable remuneration

Bank's overall remuneration can be bifurcated in to two groups i.e. fixed remuneration and variable remuneration. Variable remuneration is comprised of the performance bonus and the rate of salary increment decided based on the performance rating of the employee for the preceding year.
